

## Citizenship and Value Addition

The bridge celebrates the African Culture and endeavours in its curriculum provision to maintain highest moral values among its students. Whereas we offer the British curriculum known for its quality and relevance in education provision, we do not subscribe blindly to western cultures and norms. The Bridge will inculcate the best of both worlds in a fun filled environment while appreciating the diversity in cultures and value systems in our school.

Through our placement service, we guarantee university admission both locally and internationally by providing career guidance, application for placement and preparing our students to joining universities upon completion of their Advanced levels.

In response to local demand to offer the Cameroonian Common entrance test in year 6, we have adapted our primary curriculum to prepare students for the exams. We pride ourselves in 100% pass in "List A" this year and we will endeavor to keep this up.

## International Education for our Children

The Bridge International School offers a rigorous Cambridge International Curriculum which prepares our students for higher education and success around the world. The Bridge is a school which reflects many world cultures, with students from Cameroon, India, Kenya, Nigeria, United States, France, Britain, Belgium, China, Switzerland and more. Our focus on the Whole Child helps us develop students who are Global Citizens. Contact us today to register your child.

## The Bridge International School

**We Care! We Share! We Learn Together!**  
The Bridge International School is a bridge  
between Cameroon and many other  
countries around the world bringing  
education to our families.

***The Bridge is an exciting place to get an education!***

The Bridge International School aims to provide quality teaching and learning for all its pupils, delivering a curriculum for the development of the whole child and one that is fitting for the 21st century, in a safe, secure, happy, caring and stimulating environment.

## The Bridge International School

The world is changing very fast and preparing our children for the future requires new visions. The Bridge has this vision laid out for your child. Right here in Bonamoussadi-Doula, the Bridge offers the highest quality of learning for your child capable of equipping them for the future. With its International learning programs taught by a team of dynamic teachers with international experience and its attention on the specific need of every child, the Bridge nurtures your child for the global world.

### WHY CHOOSE TBIS?

As a CIE - registered school, your child will follow the internationally recognized programs and assessments offered by CIE:

- ⇒ Day Care (Age 6 Months to 2 years)
- ⇒ Early Years Foundation School (Age 2 to 4)
- ⇒ The CIE Primary program in Years 1 to 6 (Age 5 to 10)
- ⇒ Cambridge Secondary 1 in Years 7 to 9 (Age 11 to 13)
- ⇒ Cambridge IGCSEs in Years 10 and 11 (Age 14 to 15)
- ⇒ Cambridge A Levels in the Sixth Form (Age 16 to 18)

### CURRICULUM

As a registered Cambridge International School, our curriculum is an international program that focuses on the development of the whole child. We have highly trained professional educators who implement the rigorous curriculum to ensure our students are prepared to compete in a global environment. Our English based curriculum prepare our students for higher education here or abroad..

### CO-CURRICULAR ACTIVITIES

We aim to create an interesting and stimulating learning environment for our students. Arts, Music, Sports and Drama programs allow our students to express their individual talents. Coding, journalism, swimming and other activities are also part of our curriculum and help develop the whole child.
